# Reflection by students

Arihant College of Education provides a platform for the teacher training wherein teacher trainees gets familiar with micro-teaching and integration skills which is a new model for improving teaching under controlled conditions. Teacher trainee learns micro-teaching which involves- plan, teach, observe, re-plan, re-teach, and re-observe, so that <sup>their</sup> base for teaching gets strong. It helps teacher trainees to develop skills which include black-board writing, stimulating students, observation, class control, multi-tasking, understanding, confidence. Micro-teaching is a step by step procedure which helps teacher-trainee to take ~~one~~ class effectively. It helps a teacher-trainee to be quick at her feet and be present in class at all times. Teacher trainees also get a constructive feedback from their peers and their guidance teacher to enhance their teaching.

Arihant College of Education also provides learning experience through practice teaching wherein teachers are given a wide range of schools to broaden their teaching horizons and also understand the requirements.

"I wasn't born to 'Just Teach', I was born to inspire others, to change people and to never give up; even when faced with challenges that seem impossible".

And that is exactly what Arihant College of Education has taught me. There are many B.Ed Colleges in Pune, but what makes Arihant different is the fact that they believe in their students and push them to achieve their full potential. Anyone can teach but it takes a Real Teacher to make a difference, at Arihant one is molded and guided by an experienced faculty into finding your true calling to be a teacher. Not only is one put into real life teaching scenarios, conduct simulation lessons, etc. but also taught to work as a team and deal with the pressures of the teaching field. The exposure and internship opportunities are an added advantage as student teachers learn from the best.

My years at Arihant were most fruitful and definitely rewarding; it opened up a world of opportunities but at the same time taught me that teaching is not just an ordinary job but true passion.

I have been placed @ GEMS Education, Dubai as a teacher for secondary section & will fly in the month of March 2020 to make my career.

## TEACHING

Arihant College of Education one of the best brand names in generating the best quality teachers year on year. The reason is the best teaching methods adopted by the college. The teaching methods adopted by them are very simple, easy to understand and it is a mixture of practical and theoretical ways. The best thing of teaching method here is they have a gradual and pre-decided process of converting a student into a teacher. Everyday in the course period every student is being given an opportunity to conduct a class and teach a concept. The teachers here develop confidence in the students so that they succeed in their goal. Teachers are able to assist students with motivation and goal setting, and students can turn to them for advice and guidance. It is a very positive teacher-student relationship. There is learning through celebration of activities. The activities conducted not only see student participation but also participation by the teachers which is a great way of encouragement for all the students as well.

Sangeeta Bhatia  
(F.Y.B.Ed 2018-19)

Arihant College of Education provides a platform for the upcoming teachers to get their utmost exposure in experiencing different events which help in building leadership skills and a team work spirit amongst them. The students are divided into groups and each group organises events like Teachers day, Diwali, Jayantis of different leaders and educationalists, Navratri, Christmas and many more. This enhances the creativity, sportsmanship in the students.

The college organises many competitions thus highlighting the talents and capabilities in students. There are many workshops organised by the college like how to make Teaching Aids which is very important as all the students are upcoming teachers and the teaching methods are changing day by day. A self defense and karate workshop was also organised to motivate the student to voice against the wrong and break away from the social norms.

The college organises events so as to enable the leadership skills, creativity, confidence, social awareness, communication skills, sportsmanship in and amongst the students.

(F.Y.B.Ed 2018-19)

When it came to choosing a college to do my B.Ed undoubtedly, it had to be Arihant, not just because of the name but also because of the opportunities that are available to you as student, learner and a teacher at the end. I am successfully achieving all that I have set out to with GEMS EDUCATION, DUBAI. This was possible only by my college who gave us the exposure we all need.

My journey began with this college began in 2015 and it was so wonderful. I did not know how things would work out, but it was the confidence my principal Dr. Sujata Adamuthe and my teachers had in me that motivated to do my best. I am forever grateful and thankful to my teachers at Arihant.

There was a time I was ready to give up and every-time I look back I remember my teachers who were so patient with me, guided me and encouraged me to do my best. From being elected the event coordinator to almost giving up, no matter what my success of struggle, my college has been there for me.

Little did I know my future was set. It was during that time, that GEMS had visited our college for an orientation, which changed my life. A few of our resumes were taken and shortly after I received a phone call, where I was interviewed. Few months later, the school confirmed my position with them and it has been truly memorable.

It has been 2yrs with GEMS and the journey has been amazing. I have learnt a lot and grown into my role as a teacher and a specialist of the reading programme, which I was given the opportunity to develop and lead. You never know what to expect. I definitely did not know when I joined GEMS, however, the school and specifically the executive principal Mr. Darvy Blood were very welcoming. In my experience, I feel as an organization, GEMS takes immense pride in grooming teachers and more specifically caring for them. I am beyond blessed to part of an organization that cares for and develops their teachers.

The non-teaching staff of Arihant College of Education is an excellent staff always rendering their co-operation to the students with their prompt action. They are very reliable and sincere in their work. Their cheerfulness motivates us students and we are always guaranteed about the completion of our work. The staff is very receptive to the needs of the students and colleagues. All needs are met by them be it admission related work, stationery, parking facilities, cleanliness and other things. The students are very satisfied with the staff.
